

Sigma announced plan to recover production capacity after flooding of its Torrente facility in 4Q24

- Construction of a new packaged meats plant in Valencia and capacity expansion in "La Bureba"
- ▼ Investment of 134 million euros in Valencia plus 23 million euros for "La Bureba"
- Project funded largely through insurance reimbursements

San Pedro Garza Garcia, Mexico. June 25, 2025. – Sigma Alimentos, S.A. de C.V. ("Sigma"), company dedicated to the production, marketing, and distribution of quality branded foods, announced the plan to permanently recover its production capacity in Spain after irreparable damages to the Torrente facility caused by heavy rains during 4Q24.

Sigma is implementing a comprehensive plan designed to accelerate the complete capacity recovery and reinforce competitiveness in the region. This includes projects for the construction of a new packaged meats plant in Valencia and for a capacity expansion in Castilla y Leon at its "La Bureba" facility.

The estimated investment would be comprised of 134 million euros for the new facility in Valencia plus 23 million euros for La Bureba. Funding for the projects would be largely supported by insurance reimbursements and expected government incentives.

The recovered capacity would be fully operational in 2027.

Sigma will continue working closely with local authorities. Their ongoing support remains instrumental to advancing the projects forward.

The production recovery plan will enhance efficiency and operational flexibility, reinforcing other efforts focused on profitability improvement in Europe.
