2Q25 Results

Note on changes to Alfa | SIGMA's Consolidated Financial Statements

Controladora Alpek

ALFA's shareholders approved the spin-off ALFA's share ownership of Alpek into a new, listed entity called "Controladora Alpek" on October 24, 2024, and received Controladora Alpek shares on April 4, 2025.

In accordance with International Financial Reporting Standards (IFRS), Alpek met the definition of a "Discontinued Operation" for purposes of ALFA's Consolidated Financial Statements. "Discontinued Operations" are the net results of an entity that is either being held for disposal or which has already been disposed of.

The changes in ALFA's Consolidated Financial Statements are as follows:

- ▼ The Consolidated Statement of Financial Position presents Alpek's assets as "Current Assets from Discontinued Operations" and its liabilities as "Current Liabilities from Discontinued Operations" beginning in 3Q24 until the distribution of Controladora Alpek shares to Alfa shareholders in early April 2025. Prior periods are not restated.
- ▼ The Consolidated Statement of Income presents Alpek's net revenues and expenses as a single line item "Profit (loss) from Discontinued Operations" as follows:
 - 2Q25: accumulated figures for the three days ended April 3, 2025
 - 1Q25: accumulated figures for the three months ended March 31, 2025
 - 2Q24: accumulated figures for the three months ended June 30, 2024
 - 2025: accumulated figures for the three months and three days ended April 3, 2025
 - 2024: accumulated figures for the six months ended June 30, 2024
- ▼ The Change in Net Debt presents Alpek's net inflows and outflows as a single line item "Decrease (Increase) in Net Debt from Discontinued Operations" as follows:
 - 2Q25: no figures presented related to Alpek
 - 1Q25: no figures presented related to Alpek
 - 2Q24: accumulated figures for the three months ended June 30, 2024
- ▼ The Change in Net Debt also presents Alpek's Net Debt balance as "Net Debt from Discontinued Operations" at the close of 3Q24. Prior periods are not restated, and the following periods do not present Alpek's Net Debt balance.

Alfa | SIGMA reports 2Q25 EBITDA of US \$305 million; YTD EBITDA of US \$576 million, with non-recurring items

Mexico

- Second-highest 2Q Revenue and Volume
- Currency-neutral EBITDA down 5%, mainly due to a decrease in the Foodservice channel

United States

- Record quarterly Volume and Revenue supported by National and Hispanic brands
- EBITDA up 1% YoY. Growth in National brands partially offset by Hispanic / European brands

Europe

- 2Q Revenues flat YoY supported by Torrente mitigation plan
- 2Q25 EBITDA of US \$85 million includes flood-related damage reimbursements.
- Plan to recover capacity in Spain underway

Latam

- Record 2Q Revenue driven by higher Volume and average prices
- 2Q25 EBITDA down 18% year-on-year primarily due to higher protein input costs

Resilient volume and effective revenue management amid higher protein input costs and Mexican Peso depreciation

Revenue driven by resilient volume and effective revenue management

Alpek reported as discontinued operations

2Q25 EBITDA of US \$305 million includes non-recurring gain of US \$64 million from Torrente property damage reimbursements

Alpek reported as discontinued operations

EBITDA Margin* expanded 25 basis points, quarter-on-quarter, driven by ongoing efforts to offset cost pressures

*Adjusted to exclude net gains from Torrente plant Property Damage insurance reimbursements (4Q24: US \$8M; 2Q25: US \$64M)

2Q25 Comparable EBITDA of US \$246 million, reflects FX conversion effect and higher-than-expected protein input costs
